What is Somebeachsomewhere's legacy a year after his death?

by Kimberly French

When the news broke on Jan. 14, 2018, that superstar racehorse and s t a l l i o n Somebeachsomewhere had been euthanized, the sport went into a state of shock. Although it had been announced earlier, in November, that the 13-year-old was being treated for cancer, the initial prognosis did not appear to be immediately dire.

After a year to reflect upon his death, what is Somebeachsomewhere's place in history? And how long will it be before another horse like him comes along?

"What he did on the racetrack was spectacular," said Dr. Bridgette Jablonsky, farm manager and resident veterinarian for Hanover Shoe Farms. "It was not just his record, but how he

Behind gapper to 3/8s, rail rode balance, some drive, just fair. James returns. Make share as well.

Sped to midturn lead, attacked by winner into lane, stalled suddenly once passed. Let's toss out his last one.

ROCKET POWER
Left on float, parked past quarter, around traffic, mild rally late. Outside again; but a smaller field size noted.

"Do we know if he will be a sire of sires? Well, we have Captaintreacherous and Stay Hungry here. Captain could not be off to a better start, so we are obviously excited for his future, as well as Stay Hungry's, but will anyone take Somebeachsomewhere's place? Having Captaintreacherous and Stay Hungry helps, but his stall is still empty and a huge hole remains here."

Despite the natural proclivities of his gender, Somebeachsomewhere was quite the gentleman to be around.

"He was a stallion and they can be pretty tough to deal with," Jablonsky said. "But he was just a very nice horse. Captaintreacherous behaves much like he did, although Captain is more of a nipper. Beach was just a well-mannered horse, although he did have a stubborn side."
