Any horse in my care whose TCO2 test results above the CHRB outlined threshold levels shall be subject to the detention barn for every start the horse makes for 3 starts after the post race positive result. The trainer of record shall have \$200 deducted from their paymaster account for each of the 3 starts the racehorse races out of the detention barn. All horses must be in the detention barn by 12:00 Noon on the day of their race and will be notified of this procedure.
- Watch and Wager Management reserves the right to randomly select races on any racing night in which all or some horses scheduled to compete in those randomly selected races shall be taken to and housed in the detention barn by Noon of the selected racing day. The random races selected shall be announced in the barn area on the barn area public address system and will be posted on the Racing Office window by 9:00 AM each racing day this policy is in effect. Applicant also hereby agrees to any and all Cal Expo pre/post race urine or blood testing of horses in their care and if directed for any reason by Watch and Wager Management, shall report to the detention barn at a prescribed time on any race day and shall race out of the detention barn. **IT IS THE RESPONSIBILITY OF THE TRAINER TO DETERMINE IF ANY HORSES IN THEIR CARE NEED TO BE IN THE DETENTION BARN BY NOON OF THE SELECTED RACING DAY.**
- Any trainer who has any horses found by and in the opinion of Watch and Wager management not to be cared for in a proper manner, shall, upon notification by Watch and Wager management remove all of their horses from Cal Expo grounds. The following factors will be utilized but not limited to determine if the horse has not been cared for:
